(1 point) Github Repo:

https://github.com/David-Chan-Ho2/ITSC-3155-Programs-Group-9

(1 point) **What is the lowest grade your group will be satisfied with?**

A

(1 point) **Our agreed time-management strategy will be to:**
a. work well ahead of deadlines
b. work a few days ahead of deadlines
c. work right up to the deadlines
d. other - please explain your plan!

David work on the code ahead of time mostly before spring break because I have a stacked coursework this semester. Bilal and Connor can work on the report, presentation at the end.

(4 points) **Describe how you will handle your team leadership.** i.e. - will you have a leader and if so, who? Will you rotate this responsibility and if so, how do you plan to do so? Will each person take a turn or will it be rotated among only a few people?

Do whatever you want to do whenever you want to do it. Bilal was our fearless leader.

(4 points) **How do you plan to handle the situation if someone does not meet expectations? Has everyone agreed to this strategy?**

(1 points) **List your project roles:**

Coding: David

Report: Connor

Demo: Connor

Presentation: Bilal
